Dear Mr. Corey:

On April 5, 2019, the California Air Resources Board submitted revisions to the California State Implementation Plan (SIP). We have reviewed the materials submitted with the following document and found that they fulfill the completeness criteria in 40 CFR Part 51, Appendix V.

District	Regulation #	Title
Mariposa County Air Pollution Control District	XI	NSR Requirements for New and Modified Major Sources in the Mariposa County Air Pollution Control District

This submittal addresses the findings of failure to submit made by the U.S. Environmental Protection Agency (EPA) on February 3, 2017, (82 FR 9158) and December 11, 2017, (82 FR 58118) for the 2008 Ozone National Ambient Air Quality Standard regarding New Source Review (NSR) program requirements applicable as a Marginal and Moderate nonattainment area, respectively.

The finding of completeness conveyed in this letter represents the EPA's determination that the deficiency that formed the basis for the findings of failure to submit with respect to the NSR program have been corrected. As a result, for the February 3, 2017 finding of failure to submit, the related application of the all sanctions clocks, including the offset sanctions which began on September 6, 2018, and the highway sanctions which began on March 6, 2019, are permanently stopped as of the date of this letter. In addition, the sanction clocks started under the EPA's December 11, 2017 finding of failure to submit regarding NSR program requirements are permanently stopped as of the date of this letter. See 40 CFR 52.31(d)(5). The sanction clocks started under the EPA's December 11, 2017 finding of failure to submit an emission statement rule continues to run, until EPA receives, and determines complete, a SIP revision addressing the emission statement requirement for Mariposa County.

In the coming months, we will review the complete revisions for action pursuant to Clean Air Act section 110(k).

If you have any questions regarding our completeness review, please call me at (415) 972-3183 or have your staff call Arnold Lazarus at (415) 972-3024.

Sincerely,

Elizabeth J. Adams
